

COOKIE POLICY

This document was adopted and approved by the Local Governing Body
in the Autumn Term 2019 and updated in June 2021.

We ask that you read this cookie policy carefully as it contains important information about our use of cookies on our website.

What are cookies?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies are widely used by online service providers to help build a profile of users. Some of this data will be aggregated or statistical, which means that we will not be able to identify you individually.

You can set your browser not to accept cookies and the websites below explain how to remove cookies from your browser. However, some of our website features may not function as a result.

Types of cookies

The cookies we place on your device fall into the following categories:

Session cookies—these allow our website to link your actions during a particular browser session. These expire each time you close your browser and do not remain on your device afterwards

Persistent cookies—these are stored on your device in between browser sessions. These allow your preferences or actions across our website to be remembered. These will remain on your device until they expire, or you delete them from your cache

Strictly necessary cookies—these cookies are essential for you to be able to navigate our website and use its features. Without these cookies, the services you have asked for could not be provided

Performance cookies—these cookies collect information about how you use our website, e.g. which pages you go to most often. These cookies do not collect personally identifiable information about you. All information collected by these cookies is aggregated and anonymous, and is only used to improve how our website works

Functionality cookies—these cookies allow our website to remember the choices you make (such as your user name, language, last action and search preferences) and provide enhanced, more personal features. The information collected by these cookies is anonymous and cannot track your browsing activity on other websites

Targeting Cookies—Our website provider (Squarespace) partner with third party publishers, advertising networks and service providers to manage our ads on other sites. Our third party partners may set cookies on your device or browser to gather information about your activities on the Services and other sites you visit, in order to provide you with Squarespace ads. For example, if you visit Squarespace and also use a social media platform, you may see a Squarespace ad in your social media news feed or timeline.
